Image Prompt

Text Prompt

You are an agent looking for a **stove**.

You are **currently** in **room 2** with the following objects nearby:

- **Room 2:** appliance(12), cabinet(6), stove(23), cabinet(33), cabinet(34)

Other rooms and objects you have already seen:

- **Room 1:** table(3), chair(4), chair(7), sofa(11), tv(2)
- **Room 3** (unexplored)

You can choose an action from $\mathcal{A}_{SG}$:

1. **navigate(<object>)**
2. **explore(<room>)**
3. **find_new_rooms()**
4. **done()**
